

## BIG H Project Weekly Update

### Week 14 – Sept. 3 - 7, 2012

---

#### What will be occurring?

Miscellaneous finish work throughout the project area and alley reconstruction prep work. There will be no project work on Monday, Sept. 3 due to the Labor Day holiday. New bolt-in amenities (benches, trash cans & planters) are being placed throughout the project.

#### Where will it be occurring?

Concrete work will occur on the north side of Adams near Sterling Bank and on Washington between Depot and the public parking lot. Pedestrian ramps will be finished on Jefferson.

#### What are the major impacts?

Dust and noise will occur where concrete is being removed. Where new concrete is poured and during cure time there will be periods of time when access is limited. Most parking areas are reopened. There will be closures affecting both alleys between Depot & Elm. The sidewalk is closed on Washington between Depot and the public parking lot and on Adams near Sterling Bank. Two pedestrian ramps are closed on Jefferson.
