INDEPENDENT AUDITOR'S REPORT

To Agency Members
La Grande Urban Renewal Agency
La Grande, Oregon

We have audited the accompanying financial statements of the governmental activities and each major fund of La Grande Urban Renewal Agency (a component unit of the City of La Grande, Oregon) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of La Grande Urban Renewal Agency (a component unit of the City of La Grande, Oregon), as of June 30, 2017, and the respective changes in financial position, and the budgetary comparison for the Urban Renewal General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages a to d and Disclosures for an Agency's Street System Based on a Condition Index be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the La Grande Urban Renewal Agency's basic financial statements. The supplemental budgetary schedule for the Debt Fund is presented for purposes of additional analysis and is not a required part of the financial statements.

The budgetary schedule is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

Report on Other Legal and Regulatory Requirements

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have also issued our report dated December 28, 2017, on our consideration of the Agency's internal control over financial reporting and on tests of its compliance with the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules OAR 162-10-000 to 162-10-320. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

MANAGEMENT'S DISCUSSION AND ANALYSIS

(A Component Unit of the City of La Grande, Oregon)

Management's Discussion and Analysis June 30, 2017

This discussion and analysis of the La Grande Urban Renewal Agency (Agency) presents the highlights of financial activities and financial position for the Agency for the year ended June 30, 2017 (FY17). It has been prepared by management based on currently known facts, decisions and conditions that existed and should be read in conjunction with the financial statements and notes which follow this section.

Financial Highlights

- The Agency's net position (total assets less total liabilities) decreased by approximately 33%, or \$800,332, during the fiscal year ended June 30, 2017, from \$2,390,300 to \$1,589,968 primarily due to the under levy of property taxes which reduces cash and the receivable on the IOOF was reduced from the investment value of \$420,362 to the sale price of \$200,000.
- Overall, expenditures decreased by \$234,169 to \$1,088,332 due to reduced expenditures on capital projects.

Overview of the Financial Statements

The following discussion and analysis are intended to serve as an introduction to the Agency's basic financial statements and other required supplementary information. The Agency's basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the basic financial statements.

1. Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Agency's finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the Agency's assets and liabilities, with the difference between the two reported as "net position." Over time, increases or decreases in net position may serve as a useful tool of whether the financial position of the Agency is improving or deteriorating.

The Statement of Activities presents information showing how the Agency's net position changed during the most recent fiscal year. Changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. Examples would include earned but uncollected property taxes (future inflow), and interest accrued but not paid for debt service (future outflow).

The governmental activities of the Agency include the following:

- Acquisition and construction of capital facilities and infrastructure
- Servicing long-term debt

The Agency has no business-type activities.

2. Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Agency uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the Agency are governmental funds.

The Agency maintains two individual governmental funds, the General Fund and the Debt Fund.

(A Component Unit of the City of La Grande, Oregon)

Management's Discussion and Analysis June 30, 2017

Overview of the Financial Statements – (continued)

Governmental funds – Governmental funds are used to account for activities where the emphasis is placed on available financial resources, rather than upon net income determination. Therefore, unlike the Agencywide financial statements, governmental fund financial statements focus on near-term inflows and Outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Agency's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the Agency-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the Agency-wide financial statements. By doing so, readers may better understand the long-term impact of the Agency's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

3. Notes to the Basic Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided. They are an integral part of the financial statements and should be read in conjunction with them. In addition to this discussion and analysis, this report also presents required supplementary information concerning budgetary comparison for the two funds of the Agency.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Agency, the total net position decreased by \$800,332 to \$1,589,968 at the close of fiscal year 2017.

LA GRANDE URBAN RENEWAL AGENCY NET POSITION

	Governmental Activities				
	2016	2017			
Cash and Investments	\$ 1,841,621	\$ 1,249,028			
Other assets	\$ 4,035,686	\$ 3,640,582			
Total Assets	\$ 5,877,307	\$ 4,889,610			
Other liabilities	\$ 110,939	\$ 71,210

Restricted	\$ 2,390,300	\$ 1,589,968			
Total Net Position	\$ 2,390,300	\$ 1,589,968			

Total liabilities of \$3,299,642 include current liabilities of \$146,381 and noncurrent liabilities of \$3,082,051.

(A Component Unit of the City of La Grande, Oregon)

Management's Discussion and Analysis June 30, 2017

The Statement of Activities presents the changes in net position by detailing revenues and expenses for the Fiscal Years 2016 and 2017.

LA GRANDE URBAN RENEWAL AGENCY SUMMARY OF CHANGES IN NET POSITION

	Governmental Activities			
	2016	2017		
REVENUES				
Property taxes	\$ 1,359,787	\$ 174,864		
Interest	\$ 7,911	\$ 18,495		
Other	\$ 1,075	\$ 94,641		
Total Revenues	\$ 1,368,773	\$ 288,000		
EXPENSES				
Community development	\$ 1,204,151	\$ 973,444		
Interest on long-term debt	\$ 118,350	\$ 114,888		
Total Expenses	\$ 1,322,501	\$ 1,088,332		
INCREASE (DECREASE) IN NET POSITION	\$ 46,272	\$ (800,332)		
PRIOR PERIOD ADJUSTMENT	\$ -	\$ -		
BEGINNING NET POSITION	\$ 2,344,028	\$ 2,390,300		
ENDING NET POSITION	\$ 2,390,300	\$ 1,589,968		

The Agency's activities are governmental activities. The majority of support for governmental activities comes from property taxes.

Capital Assets and Debt Administration

The Agency has one capital project fund (general). Capital projects funds are used to account for the accumulation of resources for, and expenditures of, the acquisition or construction of major capital facilities. The Agency investments include land and land improvements of public infrastructure.

The total long-term debt outstanding at June 30, 2017 is \$3,228,432. This is a decrease of \$147,636 from the prior fiscal year.

Additional information on the Agency's bonded debt can be found in the notes to the basic financial statements.

Budgetary Highlights

No changes were made to the adopted budget during the year. Actual property tax revenues of the Agency were less than budgeted by \$26,765. Actual expenditures were less than budgeted due in large part to not using the Traded Sector Business Attraction Incentive Program funds. The Agency is collecting sufficient tax revenue to cover all annual operational and debt service expenditures.

Requests for Information

The Agency's financial statements are designed to present Agency taxpayers, customers, investors and creditors with a general overview of the Agency's finances and to demonstrate the Agency's accountability. If you have questions about this report or need additional financial information, please contact Robert Strope, District Manager at 1000 Adams Avenue, La Grande, OR 97850 or restrope@cityoflagrande.org

NOTES TO THE BASIC FINANCIAL STATEMENTS

LA GRANDE URBAN RENEWAL AGENCY

(A Component Unit of the City of La Grande, Oregon)

NOTES TO THE BASIC FINANCIAL STATEMENTS For the Fiscal Year Ended June 30, 2017

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization

The accompanying financial statements present the activities of the La Grande Urban Renewal Agency. The agency was formed on November 17, 1999 for the purpose of assisting in the economic development of the City of La Grande and is responsible for the urban growth and development within its boundaries. The Agency is a component unit of the City of La Grande and is financially accountable to the City. In addition, the Agency's governing body is the same as that of the City of La Grande's governing body, giving the City the ability to significantly impose its will over the Agency. Management of the Agency consists of those individuals responsible for the day-to-day operations of the City of La Grande; and the Agency provides services wholly within the City boundaries with the intention of increasing tax revenues and employment.

The financial activities of the Agency are also presented as a blended component unit in the City of La Grande financial statements. Complete financial statements for the City of La Grande may be obtained at the City of La Grande's office located at 1000 Adams Avenue, La Grande, Oregon 97850.

B. Agency-wide and Fund Financial Statements

The agency-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all activities of the Agency. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities* are supported by taxes and intergovernmental revenues.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The agency-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Funds are funded by a variety of resources, which include Restricted, Committed, Assigned, and Unassigned sources. Unless specifically tracked, expenditures are assumed to begin with Restricted, Committed, Assigned, and lastly, Unassigned.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Significant revenues, which are susceptible to accrual under the modified accrual basis of accounting, include property taxes and federal and state grants. Other revenue items are considered to be measurable and available when received by the Agency. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgment, are recorded only when payment is due.

The Agency reports the following major governmental funds:

The *General Fund* is the primary operating fund of the Agency and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

The *Debt Fund* is used to account for the accumulation of resources for, and the payment of, general and long term principle and interest.

D. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

E. Cash and Cash Equivalents

The Agency's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

The Agency's bank accounts and investments are maintained in a central pool of cash and investments with the City of La Grande that is available for use by all funds. Each fund's portion of this pool is reported on the combined balance sheet as cash and cash equivalents.

The investment policy of the Agency is to invest in the Local Government Investment Pool (LGIP), U.S. Government Obligations, and interest bearing demand deposits with local banks and to transfer resources to the general checking account as the need arises. This policy is in accordance with ORS 294.035, which specifies the types of investments, authorized for municipal corporations. The Agency allocates earnings on investments to each fund based on the year to date net income for each fund.

Investments in the LGIP are reported at amortized cost, which approximates fair value in accordance with GASB Statement Number 31, and are considered cash equivalents for financial reporting purposes.

F. Receivables and Payables

Receivables including property taxes, accounts, entitlements, and shared revenues are reported in accordance with the policies enumerated in paragraph C above.

G. Fund Equity

Restricted Fund Balance represents amounts that are constrained for Urban Renewal capital projects. Generally the purpose for each is indicated by the account title on the face of the balance sheet.

When the option is available to use restricted or unrestricted resources for any purpose, the Agency expends restricted resources first. When the option is available to use committed, assigned, or unassigned resources for any purpose, the Agency expends committed resources before assigned resources, and assigned resources before unassigned resources.

H. Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The Agency reports all major general infrastructure assets constructed or acquired using the modified method. All other assets are depreciated using the straight-line basis over the following estimated useful lives:

Land Improvements

10 - 50 years

I. Long-Term Obligation

In the agency-wide financial statements, long-term debt obligations are reported as liabilities in the Statement of Net Position.

In the fund financial statements, governmental fund types report the face amount of debt issued as other financing sources.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

Generally, Oregon Local Budget Law requires annual budgets be adopted for all funds. The modified accrual basis of accounting is used for all budgets. All annual appropriations lapse at fiscal year end.

The Agency begins its budgeting process by appointing Budget Committee members in the fall of each year. Budget recommendations are developed by management through early spring, with the Budget Committee meeting and approving the budget document in late spring. Public notices of the budget hearing are generally published in May or June and the hearing is held in June. The Board of Directors adopts the budget, makes appropriations, and declares the tax levy no later than June 30. Expenditure appropriations may not be legally over-expended, except in the case of grant receipts and bond sale proceeds which could not be reasonably estimated at the time the budget was adopted.

The resolution authorizing appropriations for each fund sets the level at which expenditures cannot legally exceed appropriations. The Agency established the levels of budgetary control at the materials and services, capital outlay, debt service, and all other requirement levels for all funds.

B. Excess of Expenditures over Appropriations

There were no expenditures that exceeded appropriations.

III. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Deposits. The Governmental Accounting Standards Board has adopted accounting principles generally accepted in the United States of America (GAAP), which includes standards to categorize deposits to give an indication of the level of custodial credit risk assumed by the Agency at June 30, 2017. If bank deposits at year end are not entirely insured or collateralized with securities held by the district or by its agent in the Agency's name, the Agency must disclose the custodial credit risk that exists.

The Agency maintains a cash pool with the City of La Grande that is available for use by all funds. Each fund type's portion of this pool is reported on the combined balance sheet as cash and cash equivalents. Please refer to the City's basic financial statements, issued under a separate cover, for additional information pertaining to the nature and collateralization of the City's deposits and investments.

Custodial credit risk for deposits is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. The Agency does not have a formal policy for custodial credit risk.

Investments. In connection with their shared funds with the City of La Grande, the Agency has invested funds in the State Treasurer's Oregon Short-Term Fund Local Government Investment Pool during the year. The Oregon Short-Term Fund is the local government investment pool for local governments and was established by the State Treasurer. It was created to meet the administrative responsibilities of federal arbitrage regulations. The investments are regulated by the Oregon Short-Term Fund Board and approved by the Oregon Investment Council (ORS 294.805 to 294.895). Local Government Investment Pool (LGIP) is an unrated external investment pool managed by the State Treasurer's office, which allows governments within the state to pool their funds for investment purposes. The amounts invested in the pool are not classified by risk categories because they are not evidenced by securities that exist in physical or book entry form as defined by GASB Statement No. 40.

In addition, the Oregon State Treasury LGIP distributes investment income on an amortized cost basis and the participant's equity in the pool is determined by the amount of participant deposits, adjusted for withdrawals and distributed income. Accordingly, the adjustment to fair value would not represent an expendable increase in the Agency's cash position.

Investments in the Oregon State Treasury LGIP are made under the provision of ORS 194.180. These funds are held in the Agency's name and are not subject to collateralization requirements or ORS 295.015. Investments are stated at cost, which approximates fair value.

Credit risk. State statutes authorize the Agency to invest primarily in general obligations of the US Government and its agencies, certain bonded obligations of Oregon municipalities, bank repurchase agreements, bankers' acceptances, certain commercial papers, and the State Treasurer's investment pool, among others. The Agency has no formal investment policy that further restricts its investment choices.

Concentration of Credit Risk. The Agency is required to provide information about the concentration of credit risk associated with its investments in one issuer that represents 5 percent or more of the total investments, excluding investments in external investment pools or those issued and explicitly guaranteed by the U.S. Government. The Agency has no such investments.

Interest Rate Risk. The Agency has no formal investment policy that explicitly limits investment maturities as a means of managing its exposure to fair value loss arising from increasing interest rates.

The Agency's cash and cash equivalents by fund at June 30, 2017 are shown below:

Governm	nental	activities:
_		

General Fund Debt Fund	\$ 1,227,541 21,487
Total cash and cash equivalents	\$ 1,249,028

B. Receivables

At June 30, 2017 the Agency's receivables are as follows:

Property taxes	\$ 83,452
Notes	 695,974
Total receivables	\$ 779,426

Property taxes are assessed and attach as an enforceable lien on property as of July 1. Taxes are levied on July 1 and are payable on November 15. They may be paid in installments due November 15, February 15, and May 15. Taxes are billed and collected by Union County and remittance to the Agency is made at periodic intervals. The Agency levied taxes at less than maximum taxing authority. After reductions for offsets and additional taxes and penalties, this resulted in a net levy of \$175,880.

The Urban Renewal Agency has a note receivable of \$150,000 related to the funding provided towards the purchase of Liberty Theatre. The loan accrues interest at 5.5% but principal and interest can be forgiven if development requirements are met within 7 years of the initial loan disbursement in August of 2011.

The Urban Renewal Agency extended a loan agreement to establish a new grocery store for a maximum of \$500,000 in fiscal year 2016. The first \$457,689 was disbursed during the 2016 fiscal year and an additional \$39,743 is being held as retainage on the project. The retainage and final draw of \$2,568 are expected to be paid in the next fiscal year. The loan accrues interest at 5% compound annually and is secured by real property. Loan principal and interest can be forgiven if the hours of operations and job creation/retention requirements are met over a maximum 10-year performance life.

The Urban Renewal Agency extended a loan agreement to Community Merchants for a maximum of \$\$32,235. The Urban Renewal Agency disbursed \$14,284 during the fiscal year of 2017 and the project is completed. The loan accrues interest at 5% compound annually. Payments for the first twelve months are interest only and starting with the 13th month included principal and interest based on a 15 year term. At the mid-point of the loan, (7.5 years), the remaining balance is eligible to be forgiven provided the criteria for loan forgiveness are met. The criteria for loan forgiveness includes: the company must remain in business at the time of forgiveness with a minimum of 1.5 full time equivalent employees who are employed for at least 24 months prior to the forgiveness, along with a positive cash flow for the 12 months prior to the forgiveness as demonstrated on the company income taxes, and all payments and late fees are paid and current.

The Urban Renewal Agency extended a loan agreement to Thai Fresh for a maximum amount of \$27,967. The first \$13,757 was disbursed during the fiscal year, with the remaining amount of \$14,210 available if allowable once the project is complete. The loan accrues interest at 5% compound annually. Payments for the first twelve months are interest only and starting with the 13th month included principal and interest based on a 15 year term. At the mid-point of the loan, (7.5 years), the remaining balance is eligible to be forgiven provided the criteria for loan forgiveness are met. The criteria for loan forgiveness includes: the company must remain in business at the time of forgiveness with a minimum of 3.0 full time equivalent employees who are employed for at least 24 months prior to the forgiveness, along with a positive cash flow for the 12 months prior to the forgiveness as demonstrated on the company income taxes, and all payments and late fees are paid and current.

The Urban Renewal Agency extended a loan agreement to Bebe Cakes for a maximum amount of \$20,500, which was fully disbursed during the fiscal year. The loan accrues interest at 5% compound annually. Payments for the first twelve months are interest only and starting with the 13th month included principal and interest based on a 10 year term. At the mid-point of the loan, (5 years), the remaining balance is eligible to be forgiven provided the criteria for loan forgiveness are met. The criteria for loan forgiveness includes: the company must remain in business at the time of forgiveness with a minimum of 3.0 full time equivalent employees who are employed for at least 24 months prior to the forgiveness, along with a positive cash flow for the 12 months prior to the forgiveness as demonstrated on the company income taxes, and all payments and late fees are paid and current.

C. Deferred Outflows/Inflows of Resources

In addition to liabilities, the statement of financial position and or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting, that qualifies for reporting in this category. Accordingly, the item unavailable revenue is reported only in the governmental fund balance sheet. The amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The unavailable revenues reported in the governmental funds included \$81,169 in property taxes and \$695,974 in notes receivable.

D. Capital Assets

Capital Assets activity for the Agency for the year ended June 30, 2017, was as follows:

Description	Balance July 1, 2016			Balance June 30, 2017
Capital Assets not being depreciated Land Infrastructure	\$ 262,026 1,872,218	\$ - -	\$ - -	\$ 262,026 1,872,218
Total non-depreciable	2,134,244			2,134,244
Capital Assets being depreciated Land Improvements	2,331,605			2,331,605
Total depreciable	2,331,605			2,331,605
Less: Accumulated Depreciation Land Improvements	(1,607,828)	(196,865)		(1,804,693)
Total capital assets being depreciated, net	723,777	(196,865)		526,912
Total Governmental Activities URA, net	\$ 2,858,021	\$ (196,865)	\$ -	\$ 2,661,156

E. Long – Term Obligations

On June 8, 2006 the Agency entered into a loan contract with Oregon Economic Development. This loan was for the construction of the La Grande Business & Technology Park. The total loan contract was for \$2,058,286. Principal and interest at 3.52% annually was due in one lump-sum payment 30 months after the first draw. The first draw was received on September 12, 2007, resulting in a maturity date of March 12, 2010. The final draw of \$227,281 was received on February 26, 2008. A lump payment of \$1,000,000 was made on April 23, 2009 that consisted of \$905,793 of principle and \$94,207 of accrued interest. The remaining balance of \$1,152,493 was refinanced on May 27, 2009. The loan is due in annual installments beginning on December 1, 2009 for 25 years at variable interest rates ranging from 3.00% to 5.25%.

Future annual requirements are as follows:

Year Ended		
June 30,	_Principal_	Interest
2018	\$ 36,381	\$ 42,570
2019	36,636	41,114
2020	41,918	39,557
2021	42,229	37,671
2022	42,518	35,982
2023-2027	248,381	147,207
2028-2032	310,129	80,247
2033-2034	145,891	10,409
	\$904,083	\$ 434,757

On February 21, 2012 the Agency issued bonds under the Local Oregon Capital Asset Program sponsored by the League of Oregon Cities. These bonds were used for the funding of the "Big H" streetscape project. The total certificates of participation issued were \$1,035,000. Interest only payments were required until December 1, 2013, after which the loan is due in annual installments of principal and semi annual installments of interest for 20 years. Interest is at a fixed rate for each maturity ranging from 1% to a maximum average interest rate of 3.5%.

In February 2016 the Agency issued bonds under the Local Oregon Capital Asset Program sponsored by the League of Oregon Cities. These bonds were used for the funding of the Adams Avenue Streetscape Project. The total certificates of participation issued were \$1,550,000. An interest only payment is due December 1, 2016, after which the loan is due in annual installments of principal and semiannual installments of interest for 19 years. Interest is at a fixed rate for each maturity ranging from 2% to a maximum average interest rate of 3.5%.

Future annual requirements are as follows:

Year Ended June 30,	Principal	Interest
2018	\$ 110,000	\$ 71,512
2019	115,000	69,525
2020	115,000	67,236
2021	115,000	64,790
2022	125,000	61,487
2023-2027	660,000	246,775
2028-2032	775,000	125,314
2033-2034	285,000	12,600
	\$2,300,000	\$ 719,239

Changes in long-term obligations for the fiscal year ended June 30, 2017, are as follows:

	Beginning Balance		AdditionsReductions		ductions	Ending Balance		Due Within One Year		
Oregon Economic Development	\$ 94	10,218	\$	-	\$	36,135	\$	904,083	\$	36,381
Urban Renewal Bonds	2,41	10,000		-		110,000	2	2,300,000		110,000
Deferred Premium		25,850				1,501		24,349		
Total Long Term Obligations	\$ 3,37	76,068	\$		\$	147,636	\$ 3	3,228,432	\$	146,381

F. Fund Balance Classification

Fund balance by classification for the year ended June 30, 2017 are as follows:

Fund Balance		RA General Fund		RA Debt Fund	Total		
Restricted for: Urban Renewal	\$ 1,187,148		\$ 23,770		\$	1,210,918	
Total Fund Balance	\$	1,187,148	\$	23,770	\$	1,210,918	

G. Risk Management

The Agency is exposed to various risks of loss related to torts; theft or damage to and destruction of assets; errors and omissions; and natural disasters for which the Agency carries commercial insurance coverage in the name of the City. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage for the past three years.

H. Commitments & Contingencies

On March 10, 2017, the La Grande Urban Renewal Agency accepted an offer \$200,000 for the sale of the 1106 Adams Avenue property. The closing of the sale has been extended to the end of December, 2017.

The Agency committed funding of \$333,550 to plan projects, \$442,311 to targeted parternship projects and \$262,174 to the Adams Avenue project for the 2018 fiscal year along with the annual budget process.

Final payment loan disbursement to The Market Place Family Foods (Town Square, LP) for \$42,311 was disbursed in November, 2017.

I. Related Party Transactions

The Urban Renewal Agency paid the City of La Grande \$52,079 for administration and overhead and \$249,763 to reimburse costs reported in the economic development department during the year.

The condition of road pavement is measured using a pavement management system for the City as a whole. All of the streets maintained by the Agency are asphalt-surfaced and make up only a small portion of the total infrastructure system. The pavement management system uses a measurement scale that is based on a Pavement condition Index (PCI) ranging from zero for a failed pavement to 100 for pavement in perfect condition. The City's policy is to maintain an average PCI of at least 50 for Oil Mat, 60 for Minor Asphalt, and 70 for Gravel, Concrete, and Major Asphalt. Complete condition assessments are determined every three years.

Independent Auditor's Report Required by Oregon State Regulations

We have audited the basic financial statements of La Grande Urban Renewal Agency as of and for the year ended June 30, 2017, and have issued our report thereon dated December 28, 2017. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

Compliance

As part of obtaining reasonable assurance about whether the La Grande Urban Renewal Agency financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to the following:

- Deposit of public funds with financial institutions (ORS Chapter 295).
- Indebtedness limitations, restrictions and repayment.
- Budgets legally required (ORS Chapter 294).
- Insurance and fidelity bonds in force or required by law.
- Programs funded from outside sources.
- Authorized investment of surplus funds (ORS Chapter 294).
- Public contracts and purchasing (ORS Chapters 279A, 279B, 279C).

In connection with our testing nothing came to our attention that caused us to believe the Agency was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations.

OAR 162-10-0230 Internal Control

In planning and performing our audit, we considered the Agency internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Agency internal control over financial reporting.

This report is intended solely for the information and use of the board of directors/council members/commissioners and management of the Agency and the Oregon Secretary of State and is not intended to be and should not be used by anyone other than these parties.
